Summary: What is at the bottom of the ocean? HTTYD 2 SPOILERS

Bottom of the Ocean

Hey** peeps. HTTYD 2 SPOLIERS. Anyone thought that Stalka needed more time. Me. So here is Valka now about 2 years of **_**that**_**, thinking about him. This story is inspired by Miley Cyrus song 'Bottom of the Ocean'(which I don't own), because you know he's there ****. I also don't own HTTYD. This will be a two shot because this will be Valka's and the second chapter would be Hiccup's. Here's the story.**

It's been in the past for a while

I get a flash and I smile

Am I crazy?

Still miss you baby

Valka was walking on the docks of Berk looking into the ocean, it was dawn. She was thinking in her mind all of those times Stoick had gone looking for the dragons, and he kissed her on these docks before her left. Those days when she would curl in her bed just staying there in her room expecting when he would return. She still expected him to return, but she knew he wouldn't. But she still hoped.

It was real, it was right

But it burned too hot to survive

All that's left is

All these ashes

She knew he was for her and he knew she was for him. All those years in the cave, she still remembered him all those times he would complement her, how everyone knew they were made for each other. But then it was gone, all gone in a matter I seconds. All the time they hadn't seen each other, was mad up in about an hour and then taken away again. "Oh, Stoick" she says into midair.

Now she looks into the ocean expecting to see him, but she knows all she would see would be ashes.

In a dream you appeared

For a while you were here

So I keep sleeping

Just to keep you with me

Her reason of coming out into the docks at sunrise, was because pf her dream. He was there. They were looking into each other's eyes, while hearing there song. They began to dance and sing, and she noticed the surroundings were of her wedding. She saw herself wearing a beautiful gown, and Stoick was all dressed up. Then it was all gone. She tried to go back to sleep, to see him again. But she couldn't so she decided to come out.

She then remembered the first time he went out into for the dragons. The first time he was going away when they had just gotten married. She was scared he wouldn't come back. She had been mad at him the whole day. But she knew he didn't mean it, he had to go he was chief. She was curled up in her bed, until she heard the door open. "Valka" she remembered hearing Stoick say

"Valka" he said as he was starting up come upstairs

"There you are darling" he said to her as he sat on their bed.

"Why" she asked to him "Why do you have to go"

"Daring, I have to, it's my duty as chief"

She looked away, ducking her heads into the covers.

He took of the cover and looked into her eyes and said "_You don't have to love me_

For me to, baby, ever understand

Just know I love the time that we both have

And I don't ever want to see you sad, be happy

Cause I don't want to hold you

If you don't want to tell me you love me babe

Just know I'm gonna have to walk away

_I'll be big enough for both of us to say, be happy, _and I'll come back I promise, ok"

"Ok" she responds kissing him on the lips.

Valka then comes back to reality saying "Oh, Stoick if only you were here", and walks back to their house.

So thats it. Pretty sums up. I'll be doing Hiccup's by Wednesday.

Phil 4:13: I can do everything through him who gives me strength.
